

# UAS Operations IN WYOMING

## DRONE SAFETY TIPS

### *I Bought a Drone, Now What?*

- [Register your drone: https://www.faa.gov/uas/getting\\_started/registration/](https://www.faa.gov/uas/getting_started/registration/)
- Fly your drone at or below 400 feet
- Keep your drone within your line of sight
- Be aware of [FAA Airspace Restrictions: https://www.faa.gov/uas/where\\_to\\_fly/airspace\\_restrictions/](https://www.faa.gov/uas/where_to_fly/airspace_restrictions/)
- Respect privacy
- Never fly:
  - near other aircraft, especially near airports
  - over groups of people, public events, or stadiums full of people
  - near emergencies such as fires or hurricane recovery efforts
  - under the influence of drugs or alcohol

### **Two Options for Flying your Drone Legally**

- Special rule for model aircraft (Section 333)
  - Fly for hobby or recreation ONLY
  - [Register your model aircraft: https://faadronezone.faa.gov/#/](https://faadronezone.faa.gov/#/)
  - Follow community-based safety guidelines and fly within the programming of a nationwide community-based organization
  - Fly a model aircraft under 55 lbs. unless certified by a community-based organization
  - Fly within visual line-of-sight
  - Never fly near other aircraft
  - Notify the airport and air traffic control tower prior to flying within 5 miles of an airport
  - Never fly near emergency response efforts
  - For more information, see: [Fly under the Special Rule for Model Aircraft \(https://www.faa.gov/uas/getting\\_started/model\\_aircraft/\)](https://www.faa.gov/uas/getting_started/model_aircraft/)
- Small UAS Rule
  - Fly for recreational OR commercial use

- [Register your drone: https://www.faa.gov/uas/getting\\_started/registration/](https://www.faa.gov/uas/getting_started/registration/)
- Get a Remote Pilot Certificate from the FAA
- Fly a drone under 55 lbs.
- Fly within visual-line-of-sight\*
- Don't fly near other aircraft or over people\*
- Don't fly in controlled airspace near airports without FAA permission\*
- Fly only during daylight or civil twilight, at or below 400 feet\*
- For more information, see: [Fly under the Small UAS Rule \(https://www.faa.gov/uas/getting\\_started/part\\_107/\)](https://www.faa.gov/uas/getting_started/part_107/)

\* These rules are subject to [waiver: https://www.faa.gov/uas/request\\_waiver/](https://www.faa.gov/uas/request_waiver/).
