(B) Failure of any portion of the required driving skills test.

**Section 15. Grounds for Suspension.**

(a) The license of any person may be suspended for up to 12 months if the licensee is a repeated violator. The Department shall consider a licensee a repeated violator when its records show that a person has been convicted of 3 or more moving violations within a one-year period. The Department shall take the following action with repeated violators:

(C) Any person with a lifetime disqualification resulting from reasons other than involvement with alcohol or controlled substances shall not be eligible for relicensing until 10 calendar years from the date of disqualification. A commercial driver's license shall not be issued until the Department receives a written request and conducts an investigation, and the applicant complies with any restrictions and/or conditions imposed as a result of the investigation.

(x) Upon receipt by the Department of a report from the Bureau of Citizen and Immigration Services (BCIS) indicating that a non-U.S. citizen is not complying with immigration laws, the license shall remain canceled; and the person shall not be allowed to reapply until the Department receives evidence from the BCIS that his or her status is acceptable for licensing.

(xi) Holds a commercial driver's license and fails to comply with W.S. 31-7-304(f). The person's privilege to hold a commercial driver's license shall be canceled, and the person may be issued a non-commercial class license.

(b) The Department shall investigate the driving ability, character, and habits of an individual when he or she applies for reinstatement after completing a revocation and/or disqualification period if this person had a license or driving privilege revoked or disqualified as the result of involvement with alcohol and/or a controlled substance. An investigation shall be conducted when the Department has documented evidence that the person has an alcohol and/or substance abuse problem. In both instances, the license shall be denied until each requirement set out below is satisfied. The individual shall:

(i) Submit a current alcohol and/or controlled substance evaluation with a recommended course of treatment and/or counseling, by a counselor certified by the Wyoming Department of Health, Substance Abuse Division. This evaluation shall include information on whether the person is complying with the following:

- (ii) Is currently enrolled in and making satisfactory progress in an alcohol and/or controlled substance treatment program since the last known incident.

(e) An investigation may consist of a driving skills test in a vehicle representative of the type and class of license the person holds or for which he or she is applying, and any requirements or restrictions from an investigation completed under subsection (a) or (b) of this section.

**Section 17. Surrender of License or Permit.**

A license or permit that is suspended, canceled, or revoked shall be considered surrendered when given to any Wyoming Department of Transportation Driver Services employee, any law enforcement officer, or addressed and mailed to the Wyoming Department of Transportation, 5300 Bishop Boulevard, Cheyenne, Wyoming 82009-3340, with an “Attention: Driver Services” line.

**Section 18. Right to Contested Case Hearings or Record Reviews.**

(a) Every person whose driver’s license is disqualified, suspended, revoked, canceled, or denied shall be notified of the right to request a contested case hearing or record review. The notification shall advise the person that:

(i) If the only reason for requesting a hearing is to receive limited driving privileges, then the request shall initiate a record review conducted by the Department.

(ii) If the request is for any purpose other than to receive limited driving privileges, then it shall initiate a contested case hearing before the Office of Administrative Hearings.

(b) Requests for record reviews of disqualifications, suspensions, revocations, cancellations, or denial actions for which limited driving privileges are not granted pursuant to W.S. 31-7-105 shall be denied.

**Section 19. Requests for Contested Case Hearings or Record Reviews.**

(a) Every request for a contested case hearing or record review arising from any driver’s license-related action shall be made in writing and addressed to the Wyoming Department of Transportation, 5300 Bishop Boulevard, Cheyenne, Wyoming 82009-3340. Upon the Department giving notice of intent to suspend, revoke, cancel, disqualify, or deny a request for a contested case hearing or record review shall be considered timely if received or postmarked within 20 days of the date the Department gave the person notice of the Department’s intended action and shall be accompanied by the required fee.

(b) “Computation of Time.” The Department shall allow 5 days from the date the notice of intent was mailed to the person’s last known address on file with the Department. The Department considers the order as received 5 days after mailing it. The 20-day period to request a contested case hearing or record review therefore shall begin on the sixth day after the Department gives notice of its intent, and the period shall

conclude at midnight on the twentieth day thereafter—unless that day is a Saturday, Sunday, or legal holiday. In such cases, the period runs until midnight on the following business day.

(c) “Late Request.” Except as provided in this Subsection (c), no contested case hearing shall be granted unless the request is made in a timely manner.

(i) Upon receiving a late request for a contested case hearing, the Department may grant a late contested case hearing if satisfactory written evidence and documentation is submitted showing that the lateness was not caused by the petitioner but instead by some external factor beyond his or her control.

(ii) Upon receiving a late request for a record review, the Department may grant a probationary driver’s license for limited driving privileges if the person holds a permanent driver’s license that is not expired, if he or she is otherwise entitled to limited driving privileges, and if the Department receives satisfactory written evidence indicating that failure to grant the limited driving privileges would cause an undue hardship.

(iii) Upon denial of a late request for a contested case, the Department shall refund the required fee.

(d) “Stay of Action.” When a contested case hearing or timely record review is granted, the proposed action shall be stayed. The stay shall be effective the day the Department grants a contested case hearing or record review. Stays shall not be granted retroactively. Stays shall continue as follows:

(i) For a contested case, until a contested case hearing is conducted before the Office of Administrative Hearings and a final order has been entered; or

(ii) For a timely record review, the suspension dates are stayed for up to 30 days from the date the record review is granted or a probationary driver’s license for limited driving privileges is issued, as long as the individual still holds a permanent driver’s license that is not expired or has otherwise been withdrawn.

#### **Section 20. Probationary Licenses.**

(a) Upon receiving a request for a record review, the Department shall issue an order granting a probationary license, for one suspension action in a 5 year period, if:

(i) The person holds a permanent driver’s license that is not expired and is otherwise eligible for a probationary license, pays the required fee; and

(ii) When required, the person files and maintains an SR-22 for a 3-year period. An SR-22, when required, shall be on file with the Department before a probationary license is issued. The probationary license shall be canceled if the Department receives an SR-26.

(iii) When required, the person shall submit a current alcohol and/or controlled substance evaluation by a counselor certified by the Wyoming Department of Health, Substance Abuse Division. The evaluation shall recommend, at a minimum, an alcohol and drug class that meets the Wyoming Substance Abuse Standards. The probationary license shall be issued when the person is enrolled in a class to be completed no later than 30 days after the start date of the suspension and/or upon proof the class was completed successfully. Instead of the class, the counselor may recommend more extensive treatment. If treatment is recommended, the person shall submit proof of current enrollment and satisfactory progress in an alcohol and/or controlled substance treatment program since the last known incident.

(iv) Upon receiving an adverse counselor's report, the Department shall deny or cancel the probationary license.

(b) The order granting a probationary driver's license shall include the following information, terms, and conditions:

(i) The starting and ending dates for which the probationary license is valid; and

(ii) The days, times, and reasons when the person is authorized to drive. An applicant shall pay an additional fee for any probationary license that must be changed or reissued because of his or her need to drive for circumstances not contained in the original application.

(iii) The probationary license and the order shall be carried by the person at all times when operating a motor vehicle.

(iv) Conviction for violating any traffic law, other than for parking, shall result in the immediate cancellation of the probationary license without further hearing.

(c) The Department shall issue a probationary license upon receiving an order from the Office of Administrative Hearings if the person is otherwise entitled to hold such a license and all fees have been received.

**Section 21. Undue Hardship.**

(a) Subject to W.S. 31-7-105, an undue hardship exists if the person establishes that being unable to drive shall result in the inability to provide the person or the person's dependents with the basic necessities of life, to include (but not limited to) food, clothing, and shelter.

(b) Undue hardship may also include the need to drive for educational purposes.

(c) An undue hardship does not exist if another licensed driver in the household is able to do the required driving.

(d) The undue hardship can only apply to a person having the hardship for purposes of driving in the state of Wyoming if:

(i) The person holds a current Wyoming driver's license, or

(ii) The person holds a current out-of-state license and is suspended in this state.

(e) If the undue hardship occurs in a state other than Wyoming, the probationary license may be denied if the other state does not honour a Wyoming probationary license.

**Section 22. Appeals to the Office of Administrative Hearings.**

Any person denied a probationary license as the result of a Department record review or adversely affected by a record review decision of the Department is entitled to appeal the decision to the Office of Administrative Hearings. The person has 20 days from the date the Department denies the probationary license or gives notice of its record review decision to request a hearing before the Office of Administrative Hearings, or the opportunity for a hearing is waived. An appeal under this section shall be treated as an appeal for a contested case under W.S. 31-7-105(e).

**Section 23. Driver's License Records.**

Driver's license records include only those records as defined in Section 3 of these rules.

(b) Unless otherwise provided by statute, the Department shall make available a 3/10 year driving record in accordance with the provisions of W.S. 31-5-1214(f), W.S.

31-7-120, W.S. 16-4-202(a), and the Driver's Privacy Protection Act (DPPA). The driving history record shall reflect at least the following actions:

(i) All mandatory convictions, suspensions, revocations, or disqualifications;

(ii) Uninsured accidents and accident suspensions; and

(iii) Moving violations, moving violation suspensions, administrative per se suspensions, implied consent suspensions, financial responsibility requirements, and any other authorized administrative actions.

(c) No "Driving History Record," as defined under "Driver License Records" in Section 3 of these rules, shall be released except upon expressed written request by the individual record holder; or to a third party except upon presentation of a signed release from the record holder; or upon written request by law enforcement, or government agency, or court to carry out their official functions, or those permitted disclosures allowed in *Wyoming Department of Transportation Rules & Regulations, Motor Vehicles and Licensing, Chapter 7*.

(d) A record defined in these rules as "Verification record" under Driver License Records in Section 3 of these rules, shall not be released as part of any other record request, except upon expressed written consent of the record holder as allowed in *Wyoming Department of Transportation Rules & Regulations, Motor Vehicles and Licensing, Chapter 7*.

(e) A record defined in these rules as a "Medical Record" under Driver License Records in Section 3 of these rules, shall not be released as part of any other record request, except upon expressed written consent of the record holder as allowed in *Wyoming Department of Transportation Rules & Regulations, Motor Vehicles and Licensing, Chapter 7*.

#### Section 24. **Application for Handicap Placards.**

(a) Any application for a handicap placard shall be completed by an eligible person—as defined by W.S. 31-2-213(d)(ii)—or by a person or an agency responsible for transporting eligible persons. Proof of the identity for the eligible person shall be required when the placard is issued. The application shall include the following:

(i) The applicant's name, date of birth, address, and telephone number.

- (ii) Information about whether the applicant:
  - (A) Is requesting placards (and the number of placards); or
  - (B) Will obtain vehicle plates from the county treasurer.
- (iii) The applicant's signature and the date.

(b) The medical section shall be completed and signed by a physician, physician's assistant, or advanced practice registered nurse, and the application submitted to the Department.

(c) Issuance of a handicap placard may result in a driver's license review to determine the eligible person's ability to operate a motor vehicle safely and to verify that the license reflects the proper restrictions for the stated condition. The medical information submitted on the application for a handicap placard is subject to the terms and conditions set forth in Section 16 of this rules chapter.

(d) Any eligible person may appear in person at a driver's license exam office or apply by mail when applying for a handicap placard. If the eligible person is unable to appear but already exists as a client in the driver information system, a placard(s) may be issued on his or her behalf to a family member or a representative. The eligible person shall sign the handicap application, which shall be presented at the exam.

**Section 25. Reinstatement After Child Support Suspensions.**

Upon receiving notice from the court or the Department of Family Services, this Department shall reinstate the obligor's Wyoming driver's license and/or driving privilege upon payment of the \$5 reinstatement fee if the license and/or privilege is not suspended, canceled, disqualified, or revoked for any other reason. The Department shall send the license, if valid and on file, to the obligor's last known address on record with this Department.

**Section 26. Ignition Interlock Restricted Licenses.**

(a) An ignition interlock restricted license shall not be issued to any person holding a commercial driver's license (CDL) or who is otherwise ineligible by statute to have an ignition interlock restricted license.

(b) Anyone applying for an ignition interlock restricted license must complete an application provided by the Department. For offenses on or after July 1, 2009, an application for an ignition interlock restricted license shall be made only after the

Department has received and entered a disposition from a court of an alcohol related conviction for W.S. 31-5-233 or W.S. 31-5-234.

(c) When an eligible applicant has completed all requirements for an ignition interlock restricted license, and has provided the Department with a certificate of installation from the ignition interlock service provider, the Department may issue the license if the applicant is otherwise eligible. Such license shall contain:

(i) An expiration date with a period not to exceed 4 years.

(ii) The restriction *IIR* on the license, which states: “Must operate a vehicle equipped with an approved Ignition Interlock Device.”

(d) The applicant shall pay any required reinstatement fees at the time the ignition interlock restricted license is issued and provide proof of financial responsibility.
