

## MATERIALS ACCEPTANCE - MANUFACTURED PRODUCTS

### PRE-CERTIFIED

Scope: The WYDOT Materials Program has manufacturer's certifications for the following concrete admixtures and curing compounds products on file.

Use: When any of these products are used, in lieu of requiring certification documents, the engineer may document acceptance of the products listed using WYDOT Form T-132, *Engineer's Verification of Specification Compliance*. Products not listed as pre-certified will require certification from the supplier.

Reference Documents: WYDOT T-132 *Engineer's Verification of Specification Compliance*
