Fuel Tax Rates

Current tax rates can be found on the IFTA website at:

www.IFTACH.org

A new fuel charge, administered by the Canada Revenue Agency, was introduced as part of the Greenhouse Gas Pollution Pricing Act.

If you drive in Canada, you must sign up by **April 1, 2019** for the provinces of Manitoba, New Brunswick, Ontario and Saskatchewan and **July 1, 2019** for the territories of Nunavut and Yukon.

Failure to register before these dates may result in a **fine of \$2,000**.

The registration materials are available at:

<https://www.canada.ca/en/revenue-agency/services/tax/excise-taxes-duties-levies/fuel-charge.html>

Please contact the CRA with any questions. **1-866-959-7797**

DO YOUR PLATES EXPIRE ON JUNE 30?

IRP plates will expire at the end of a quarter this year, instead of December 31st. When you last renewed, you received a new expiration date of March 2020, June 2019, Sept 2019 or Dec 2019. If you don't know your new renewal date, either look at the date on your cab card or license plate stickers to see when your plates expire.

If your plates expire on June 30th, we will be sending the e-mail renewal reminder out around May 1st. (If you are not signed up to renew online, we will mail out a paper renewal around May 1st.)

Online renewals are processed using the same login and password that you use for your quarterly IFTA returns. Step by step renewal instructions can be found on the WYDOT website:

http://www.dot.state.wy.us/home/trucking_commercial_vehicles/irp.html

Do not hesitate to call or e-mail our office if you have any problems completing your renewal online. 307-777-4835 or 307-777-4829.

DID YOU FILE YOURS?

Does your Electronic Logging Device (ELD) work for an IFTA or IRP audit?

Electronic Logging Devices are **not created equal**. They may work for **FMCSA**, but not for **IFTA and IRP**. Please verify that your **ELD records will work if you are audited by IFTA or IRP**.

ELD's were designed to comply with FMCSA's criteria to accurately record a driver's driving time for hours of service compliance. IRP and IFTA allow the use of ELD's to document vehicle distance, as long as the data is kept for the required 4 years (IFTA) and 6.5 years (IRP) and as long as various other requirements are met. There is a chart on the IRP website that shows the key differences and similarities between and ELD and a compliant IFTA/IRP electronic records device.

Please double check the chart and make sure your ELD will work for both FMCSA and IFTA/IRP audits.

Don't get burned in an audit. Make sure your ELD has all the requirements for IFTA and IRP.

ONLINE OPTIONS

The following is a list of transactions that you can process using our CCOWS (Commercial Carriers of Wyoming System):

IFTA: Inquiries (account, tax return, license)
Quarterly fuel tax returns (file/amend)
Order extra decals
Renew license
Reprint (license, invoice, tax returns)

IRP: Inquiries (account, fleet and vehicle)
Renew fleet
New vehicle add
(Copy of title, Bill of Sale, and proof of paid sales tax will have to be uploaded)
Vehicle Credential- replace cab card, plate, sticker
Reprint (invoice, cab card, renewal)

E-Check option for both IFTA and IRP is now available for a \$2.00 processing fee. This option will require a valid driver's license and checking account information including account number and routing number. Please have this information available when you pay online.

If you have any questions about any of these transactions or any other questions related to IFTA or IRP you can call our office for information.
