## Public Safety Communications Commission

WyoLink Operations Work Group  
Meeting of July 18, 2008  
Phone Conference

Chairman Jerry Kennedy called the meeting to order at 8:33 a.m.

Attendees – all by phone conference: Jerry Kennedy, Danny Glick, Jim Archerd, Lauri Wempen, Bob Wyatt, Marty McCoy, and Bob Symons

Discussion on WyoLink Portable Coverage Testing Methodology. Marty McCoy had prepared a methodology on providing portable radio coverage testing when requested by local agencies and this document has been provided to the Work Group for comments. When an agency requests WyoLink portable radio testing, it was suggested that the document be provided to them so that they can prepare for the testing.

Bob Wyatt made a motion to adopt the WyoLink Portable Coverage Testing Methodology. The motion was seconded by Jim Archerd. Motion passed on a verbal vote.

A current WyoLink map has been provided to the Work Group since the issuance of the FCC licenses. Most of the radio sites that have been using Special Temporary authorizations are now fully operational.

Marty McCoy had a very good meeting with the Bridger Teton National Forest for a site on Togwotee Overlook. Marty McCoy, Bob Wyatt and Bob Symons met with the Big Horn national Forest on July 1<sup>st</sup> and WyoLink will now pursue a lease for a radio site at Duncan Lake in the Big Horn National Forest. This site is within a current timber lease area.

Motion to adjourn by Marty McCoy, seconded by Bob Wyatt. Motion passed on a voice vote.

The meeting adjourned at 8:40 a.m.

Respectfully Submitted,

Robert Symons  
PSCC Administrative Support
