# KNG SERIES BASE STATION

## MODELS

KNG - B150 VHF 136 - 174 MHz, 50W  
(110 W Option)  
KNG - B400 UHF 380 - 470 MHz, 50W  
KNG - B500 UHF 440 - 520 MHz, 50W  
KNG - B800 UHF 763 - 870 MHz, 30/35W

The KNG Base Station offers numerous options to make your communications reliable and secure. This touch screen unit is the first of its kind and can be modified to fit your everyday needs.

### Custom Menu System

Our intuitive menu gives you full control over your communications with an easy to navigate menu loaded with your preselected features and options.

### Multicast Vote Scan

Channels in the multicast system are added to the scan list and designated as "voted" channels. The KNG Base Station scans all voted channels and selects the channel with the best signal.

### Small Package High and Mid Power

The KNG Base Station is offered in high (110 Watt) and mid (50 Watt) power options, available in the same size package: 10" w x 7.5" h x 11" d, weighing 20.9 lbs.

### Channel/Priority/Group Scan

Find an available channel for communications: scan by channel, priority channel, or scan by groups, one group at a time.

### AES/DES Encryption

AES/DES Encryption allows you to communicate with other encrypted radios who have the specific key.

### OTAR - KZA0578

Over-the-air-re keying is an easy solution to efficiently change encryption keys. Completed almost effortlessly, encryption keys are changed over the air with a touch of a button.

### Touch Screen Display

The first of its kind, the KNG Desktop Base Station's innovative touch screen display is right at your fingertips for quick access to radio settings.

### Birdie Free

Only RELM Wireless goes the extra mile to create a truly birdie free radio, which means there are no blackout frequencies on this Base Station.

### 1024 Programmable Quick Call ID's

Connect with select radio users easily and ASAP through RELM's Quick Call function.

### P25 Trunking

RELM Wireless offers a 9600 BAUD Trunking option, which is compatible with many P25 Trunked systems.

### 2048 Channels, Dynamic Grouping

Up to 2048 channels and custom-tailored user groups can be programmed into the KNG base station and with our intuitive menu, modifying your settings is made easy.

### Mixed-mode Operation

Whether analog or digital, communicate effortlessly to either mode with RELM's Mixed-mode feature.
