Deputy Director Taylor Rossetti

1. Discussion: Commission relationships continue to be developed through general discussion about current events. The current legislative session and possible topics for the upcoming Interim Session were discussed, as well as vertical construction for housing and other operational buildings. Staff provided updates on staffing in the Engineering Division and other upcoming vacancies in senior level positions across the department. A brief background for the Congestion Mitigation Air Quality (CMAQ) and Transportation Alternatives Program (TAP) was given. Progress on the I-80 tunnel was also discussed.

No action was taken on any matter.
