Airport	Notes
Pinedale Airport	Jets - \$75/landing; Turbo-Props - \$50/landing; Helicopters - \$40/landings. Credit Cards (Visa, Master Card, Multi-Service Card) The FBO collects landing & overnight parking fees and charges on credit cards listed. Invoices are sent to aircraft owners/operators who do not have the proper credit card or land when the airport is unoccupied (i.e. life flights).
Cortez Municipal Airport	fee cover credit card fees and time involved
Rifle Garfield County Airport	only on aircraft over 12,000 lbs GLW. Not really waived, If a tenants hangar ground lease paid to the county is over \$12,000 a year the landing fees are included as part of the lease contract. So everyone pays landing fees, directly or indirectly.
Helena Regional Airport	Aircraft under 10,000 pounds are not charged landing fees at all, or if they are based at airport no fees charged
Rapid City Regional Airport	We receive a report from Infax and determine weight by aircraft type.
Pullman-Moscow Regional Airport	\$15.00 Minimum charge to non-based aircraft.

Airport	Notes
Cheyenne Regional Airport	Waived with >50 gal fuel purchase
Archuleta County Airport	Only for aircraft 12,500 lbs MTOW and greater
Astronaut Kent Rominger Airport	This applies only to aircraft registered in CO.
Rifle Garfield County Airport	Not a good question. overnight fees for parking YES, ramp fees for quick turns NO. each aircraft has a set price based on the foot print of the aircraft. Thousands of different fees possible. No discount for jet aircraft on extended stays, 80% discount for small aircraft if paid on an annual basis Also the rate increases 40% in the winter months. FBO gets 50% of overnight ramp fees as compensation for manage ramp parking. The ramp IS NOT leased or controlled by the FBO. The FBO charges a separate facility fee only if the pilots or passengers enter the FBO facility. Facility fee ranges from \$250 - \$650 depending on the size of the aircraft and whether they buy fuel or not. Again terrible question, to many variables
Steamboat Springs Airport	Airport AGL 6878' Runway 4452'
Plattsmouth Municipal Airport	if over night, but waived if buy fuel
Tekamah Municipal Airport	Fees can be waived if fuel is purchased
Canyonlands Field Airport	min 10,000 MTOW for fee
Heber Valley Airport	Ramp fees are unknown. FBO leases all available ramp and does not disclose fees.
Pullman-Moscow Regional Airport	Aircraft (<12,500 lbs MTOW) \$5.00 night, \$50.00 month + current leasehold tax and \$325.00 Annual + current leasehold tax Aircraft (>12,501 lbs MTOW) & small Helos (<4,000 lbs MTOW) \$10.00 night Aircraft (15,001-45,000 lbs MTOW) & Helos (4,001-6000 lbs MTOW) \$15.00 night Aircraft (>45,001 MTOW) and Helos (>6,001 MTOW) \$20.00 / night The FBO may collect the Parking Fees from transient aircraft as set by the airport and retain 35% of the fee for handling the collection with the right to offer 2 free days of parking for sale of fuel.

Additional Information

Airport	Notes
Afton Lincoln County Airport	AFO is looking to start charging long term tie-down fees at \$25 per week or \$75 per month
Evanston-Uinta County Airport / Burns Field	1st night tie down for transit aircraft waived with fuel purchase.
Shively Field Airport	no fees charged for GA piston AC
Cortez Municipal Airport	Airport owned, but leased to FBO
Craig/Moffat County Airport	First 15 days no charge
Front Range Airport	Above rates are Low Lead 10,000 lbs.-12,500 lbs. jet \$15.00 per night 12,501-41,000 \$30.00 night \$12,500 lbs. and up \$100.00 per month
Rifle Garfield County Airport	First 14 days free to transit aircraft. Tie down fees are for tie down cans only! Aircraft owner must supply own FAA approved straps, ropes and or cables for their aircraft and they are responsible to see the aircraft is properly secured. The airport enters into annual contracts for tie-down space including the right of the airport to move their aircraft at anytime needed. If a tenant is 30-days late on a tie down fee they automatically revert to the nightly rate until paid in full. We have filed a lean on one aircraft that left the airfield after six months of not paying the tie-down fee. Did not hear from them for three yeas until they tried to sell their aircraft. By that time the fees had grown to over one thousand dollars and they paid us in full to get the lean released.
Vance Brand Airport	Owned by City - Managed by FBO. First night free with fuel purchase for overnight
Gothenburg Municipal Airport	No tie down fees for the first five days. \$3.50 a day after that for the first 30 days. After 30 days the aircraft must be moved by the owner to long term parking @\$1.00 a day
Western Nebraska Regional Airport	The 3.00 dollar fee is only if customers dont buy fuel.
Philip Municipal Airport	Pilots are required to provide their own tie-downs. These are not available at the airport.
Pierre Regional Airport	No Charge for tie downs, no ropes supplied.
Canyonlands Field Airport	tie-downs owned by airport, managed by FBO
Heber Valley Airport	Tie-down fees are unknown. FBO leases all available ramp and does not disclose fees.
St. George Regional Airport	FBO does not charge Fees if fuel is bought.

Additional Fuel Information

Airport	Notes
Afton Lincoln County Airport	AFO is looking to start charging \$25 per day for firefighting operations. And the FBO is looking to start charging \$100 per day facility use fee waved with a minimum amount of fuel purchased.
Big Piney / Marbleton Miley Memorial Field	We have self-serve Jet A and 100LL and we have a fuel truck with Jet A. Would appreciate a call ahead for truck fuel needs.
Gillette-Campbell County Airport	Like the FBO, the airport inspects and certifies the mobile fueling vehicles per NFPA 407.
Jackson Hole Airport	All fuel removed from the fuel farm is subject to either \$0.25/gallon or 15% surcharge in the case of mogas.
Pinedale Airport	During wildland fire events, US Forest Service contract helicopters base at the airport and provide their own fuel. Fixed wing aerial firefighting aircraft purchase fuel from the FBO.
Riverton Regional Airport	Currently, aerial firefighting operators choose to purchase fuel from the FBO. They do not self-fuel.
Southwest Wyoming Regional Airport	Fuel Flow Fee waived if they top off mobile tanks they used to fuel aircraft while on
Pueblo Memorial Airport	Fuel flowage decreases beyond 1 million gallons pumped. Fuel storage is owned by the airport. Storage is part of the fuel flowage fee and the tenant pays for maintenance and a proportional share of the fuel farm insurance.
Rifle Garfield County Airport	The FFF is \$25.00 a week or any part there of or .18cents per gallon which ever is more. If they just sit on the airfield for a week and do not pump any fuel it is the \$25 fee to cover the administration costs of keeping track of the FFF-permit. All firefighting crews must secure a FFF-permit prior to self-fueling.
Steamboat Springs Airport	We allow them to bring their own support trucks and tankers on the field.
Vance Brand Airport	6 cents per gallon
Roosevelt Municipal Airport	For the most part they support us by buying fuel from us.
Skypark Airport	Fire fighting operations accepted on request.
St. George Regional Airport	Aerial Firefighting can self fuel but they must purchase fuel from the FBO.

Airport	Notes
Casper/Natrona County International Airport	We are a former WWII Army Air Base with 5,150 acres of property that we lease out for various purposes, quite a bit for agriculture but also various types of storage, a truck driving school, etc. It would be difficult to break down and list each type here.
Fort Bridger Airport	lease was signed more than 20 years ago
Gillette-Campbell County Airport	The airport has several different ground leases, but charges an across-the-board land lease rate of \$0.17 per sq. ft.
Hunt Field Airport	Square footage is calculated on hangar size plus 1' perimeter measurement.
Craig/Moffat County Airport	Rate is .005% of assessed value
Front Range Airport	1st lease-(\$3,669.00), computed at the annual rate of thirty-four cents (\$0.34) per square foot, times the building footprint of seventy (70) feet by fifty (50) feet plus fifteen (15) feet on all four sides plus thirty (30) feet by twenty (20) feet plus fifteen (15) feet on all four sides, or ten thousand seven hundred and ninety (10,790) square feet
Northern Colorado Regional Airport	All ground leases amounts are \$0.41/sq. ft. for improved land or \$0.28/sq. ft. for unimproved land.

Airport	Airport ID	Lease Type	Area Based on:	Rent Basis	Rental Rate	Annual Adjustment?	Adjustment Basis
Pueblo Memorial Airport		Commercial aeronautical ground leases pay 2% gross receipts.					
Rifle Garfield County Airport		20 year lease with 2-10 year extensions for a total of 40year lease. Reversion clause to the County at the end of the lease for commercial operators only.					
Steamboat Springs Airport		there are 6 private hangar groups totaling 39 hangars. from: 1150 sq' t-hangar to 6000 big box hangar.					
Vance Brand Airport		Utility Improvements become property of City from Curbstop upstream - Remain tenant property from Curbstop downstream					
Helena Regional Airport		We have numerous non-aviation leases (40% of our annual revenue). We use an annual cap rate of 7.5% to calculate annual lease rates which are based on the current fair market value of each property. Current fair market value of non-aeronautical property is \$8-\$12 / sq. ft. depending on location, infrastructure, etc...					
Gothenburg Municipal Airport		Alfalfa planted and harvested on leased acres					
Lincoln Airport		This information is not readily available as we have a wide variety of Lease rates based on age of the facility, square footage and other determining factors. This statement is inclusive of all of our Leases.					
Plattsmouth Municipal Airport		There is one lease on a box hangar for the maintenance FBO who operates on the airport and leases the 80 x 100 hangar with a 60' or 65' door					
Philip Municipal Airport		The first lease is for farm ground and is bid out every three years. The second lease is for pasture land and bid out every five years.					
Pierre Regional Airport		Ag land is bid every three years. rates vary \$7/acre to 28.07/acre

25. Airport Marketing Notes

Airport	Airport ID	Marketing Program Description
Big Piney / Marbleton Miley Memorial Field	BPI	Low fuel prices
Casper/Natrona County International Airport	CPR	We market the business park and Foreign Trade Zone. We typically do not market the Airport for the Airport's sake, but work with our airline partners on undertaking or supporting media buys to promote something specific, like a new market, new aircraft type, additional flights, etc.
Gillette-Campbell County Airport	GCC	The airport uses WYDOT Aeronautics marketing dollars and operates its marketing program according to the policies set forth by the division.
Lusk Municipal Airport	LSK	All advertising is done thru the city office.
Mondell Field	ECS	Advertise for special events
Pinedale Airport	PNA	The airport has a page on the Town of Pinedale website.
Rawlins Municipal Airport / Harvey Field	RWL	We don't have one. We're looking at that with the master plan that is beginning.
Riverton Regional Airport	RIW	The Fremont Air Service Team coordinates marketing efforts for RIW. They receive a mixture of private and public funds to market RIW.
Torrington Municipal Airport	TOR	In process.
Yellowstone Regional Airport	COD	Two programs, one focusing on the local travel and one focusing on the inbound tourist destined to Yellowstone National Park
Astronaut Kent Rominger Airport	RCV	Word of mouth & Natural Wonders, at this juncture.
Cortez Municipal Airport	CEZ	Businesses located at the airport advertise for their operations, but the airport does not market itself.
Craig/Moffat County Airport	CAG	Whatever CDOT Aeronautics provides.
Durango-La Plata County Airport	DRO	Brought on marketing consultant last year to put together an ongoing marketing program for our airport. Put together a "More Time. More Life" campaign that emphasizes the ease of traveling out of our regional airport and focuses on local travelers.
Northern Colorado Regional Airport	FNL	In the past when commercial service has been active, use of print, radio, and billboard advertising has been budgeted but currently this is not in place.
Pueblo Memorial Airport	PUB	Due to our budget time, we utilize the indicated media types in mid to late summer through October. Our purpose right now is general awareness, peaking in late September and October for people planning holiday travel.
Rifle Garfield County Airport	RIL	Hired professional marketing company for \$9,000 / year includes ad design and coordination with magazines, conference hosts. NBAA, AIN, AAEE, FBO magazines... , includes \$16,000 of SWAG
Sterling Municipal Airport	STK	Social media, adds in magazines, news paper, radio spots.
Vance Brand Airport	LMO	New program - Teamed with Local Airport Marketing Firm

Airport	Airport ID	Marketing Program Description
Bozeman Yellowstone International Airport	BZN	Any type of special event - PSA for peak periods summer/winter
Helena Regional Airport	HLN	We focus on educating the public of flights, services, and how the airport operates and is self sufficient, and the airport's impact on the economy.
Wokal Field Glasgow/Valley County	GGW	We operate our own website and social media pages.
Norfolk Regional Airport/Karl Stefan Memorial Field	OFK	We do not have a separate budget line item for marketing
Plattsmouth Municipal Airport	PMV	use some of the fuel sites to list prices
Western Nebraska Regional Airport	BFF	Airport Office Manager handles all marketing
Huron Regional Airport	HON	just a brief here we are and available for use
Philip Municipal Airport	PHP	Airport information can be found at www.philipsd.us
Pierre Regional Airport	PIR	Done in house through contracts with new media. Website maintenance done in house
Rapid City Regional Airport	RAP	Targeting marketing groups, Facebook and digital ads.
Sturgis Municipal	49B	AT PRESENT TIME ONLY AIRPORT DIRECTORIES
Cedar City Regional Airport	CDC	Ads on St George news and magazine ads
J. Randy McKnight Nephi Municipal Airport	U14	No current marketing plan.
St. George Regional Airport	SGU	In conjunction with Airline service and Tourism
Vernal Regional Airport	VEL	We recently started marketing here at our airport, so we started from scratch. We designed a new logo and created a Facebook page. Now we are managing the social media but also running ads in the news paper, on the radio and in the movie theaters. We sponsor events and are in the beginning stages of promoting the airport.

Additional Information

Airport	Notes
Afton Lincoln County Airport	Liability is with LGLPAuto, buildings and grounds and equipment is with Hub International
Cheyenne Regional Airport	member of WARM
Evanston-Uinta County Airport / Burns Field	The Evanston-Uinta County Airport Joint Powers Board has their liability policy through the Wyoming LLGP.
Gillette-Campbell County Airport	ACE Insurance typically completed an annual inspection, but hasn't done so since 2016.
Hunt Field Airport	We just signed a one-year extension with our current provider. We will put out an RFP for coverage providers every 5 years
Durango-La Plata County Airport	Insurance is handled by the City of Durango's Safety and Risk Manager. We have policies through CIRSA.
Front Range Airport	25 million limit
Pueblo Memorial Airport	both of the indicated policies are attached to one another for one premium of \$5,000. The airport's auto policy is combined with the City of Pueblo's and I cannot determine a specific rate for the airport.
Rifle Garfield County Airport	best guess on evaluation date. It is in November of each year.
Vance Brand Airport	Includes Workers Comp
Norfolk Regional Airport/Karl Stefan Memorial Field	Our Public Officials Liability is a separate policy
Western Nebraska Regional Airport	all of the airport structures are covered under the counties insurance policy
