Overview of WYDOT

Why a STIP

Federal Requirement per CFR 450.218...in a nutshell

- To be developed for all areas of the State for a minimum of four years
- To cover six years of projected projects and updates every year
- To cooperation with the Metropolitan Planning Organizations (MPOs) and nonmetropolitan areas
- To consult with the Tribal government
- To provide opportunities for the public to comment on the proposed STIP
- Insure inclusion of capital and non-capital surface transportation projects and phases of the project
- Insure consistency with the long-range statewide transportation plan
- Inclusion of a financial plan
- To discuss the anticipated effect of the STIP toward achieving the performance targets
- Allow flexibility to update the STIP through addendums

How and Why the STIP Matters

Ensures Transparency and Public Engagement by:

- Gathering public comment and information
- Engaging with local, state and federal partners
- Consistently updated and made available to the public
- Providing interactive STIP Map for the public to view and submit comments
- Engaging the public
 - public meetings, presentations, the website

Develop and Maintain Strategic Partnerships

The STIP Has Many Partners:

- Transportation Commission
- Aeronautics Commission
- PSC Commission
- Transportation Alternative Program (TAP)
- Citizens
- Public Agencies
- Transportation Agencies
- MPO's
- Tribal Governments
- Federal Bureau of Indian Affairs
- Local Governments

We Maintain These Partnerships Through:

- Trainings with Local Governments
- COOP Engineering Meetings
- Monthly Meetings with Commissions
- Project Meetings with Stakeholders
- Public Meeting Required for Public Involvement

Serve Our Customers

The STIP Serves Our Customer By:

- Ensuring priority projects for each fiscal
- Increasing system reliability by standardized design
- Increasing customer satisfaction by ensuring projects are done quickly and effectively
- Consistent updating and modification to update the customer of new changes to projects and budget
- Decreasing construction time by ensuring complete and accurate design plans

Overall Satisfaction

"Please rate your overall satisfaction with WYDOT's stewardship of the statewide transportation system."

78% of residents say they are **satisfied**

- **Dissatisfaction** remains low (3%)

Similar to 2020 results but significant trend since 2018.

Wyoming Survey & Analysis Center

Continue to Improve and Innovate

The STIP Allows WYDOT to Get Creative in Solving Complex Problems:

- Innovative design solutions to ensure safety on the roadways
- Improving pavement and bridge conditions
- Implementing new standards and incorporating them into design and construction (Ex. MASH)
- Revising and Revamping the STIP rebalance process each year to be more collaborative and efficient

WYDOT's Shelf and Shelf Goals

What is “The Shelf”

- Shovel ready jobs
 - use to stabilize the STIP if a project has to move or if we received additional funding.
- Shelf time also creates a buffer to allow for additional time for unforeseen project issues.
- WYDOT's Shelf Goal: \$330 Million
 - one year worth of projects on the Shelf at all times

Highway Project Process

Planning Phase

- STIP Development
- Reconnaissance
- Survey Phase
- Public Input

Design Phase

- Issuance of design plans
- Engineering Studies
- Final plans and specifications
- Public Meetings as appropriate

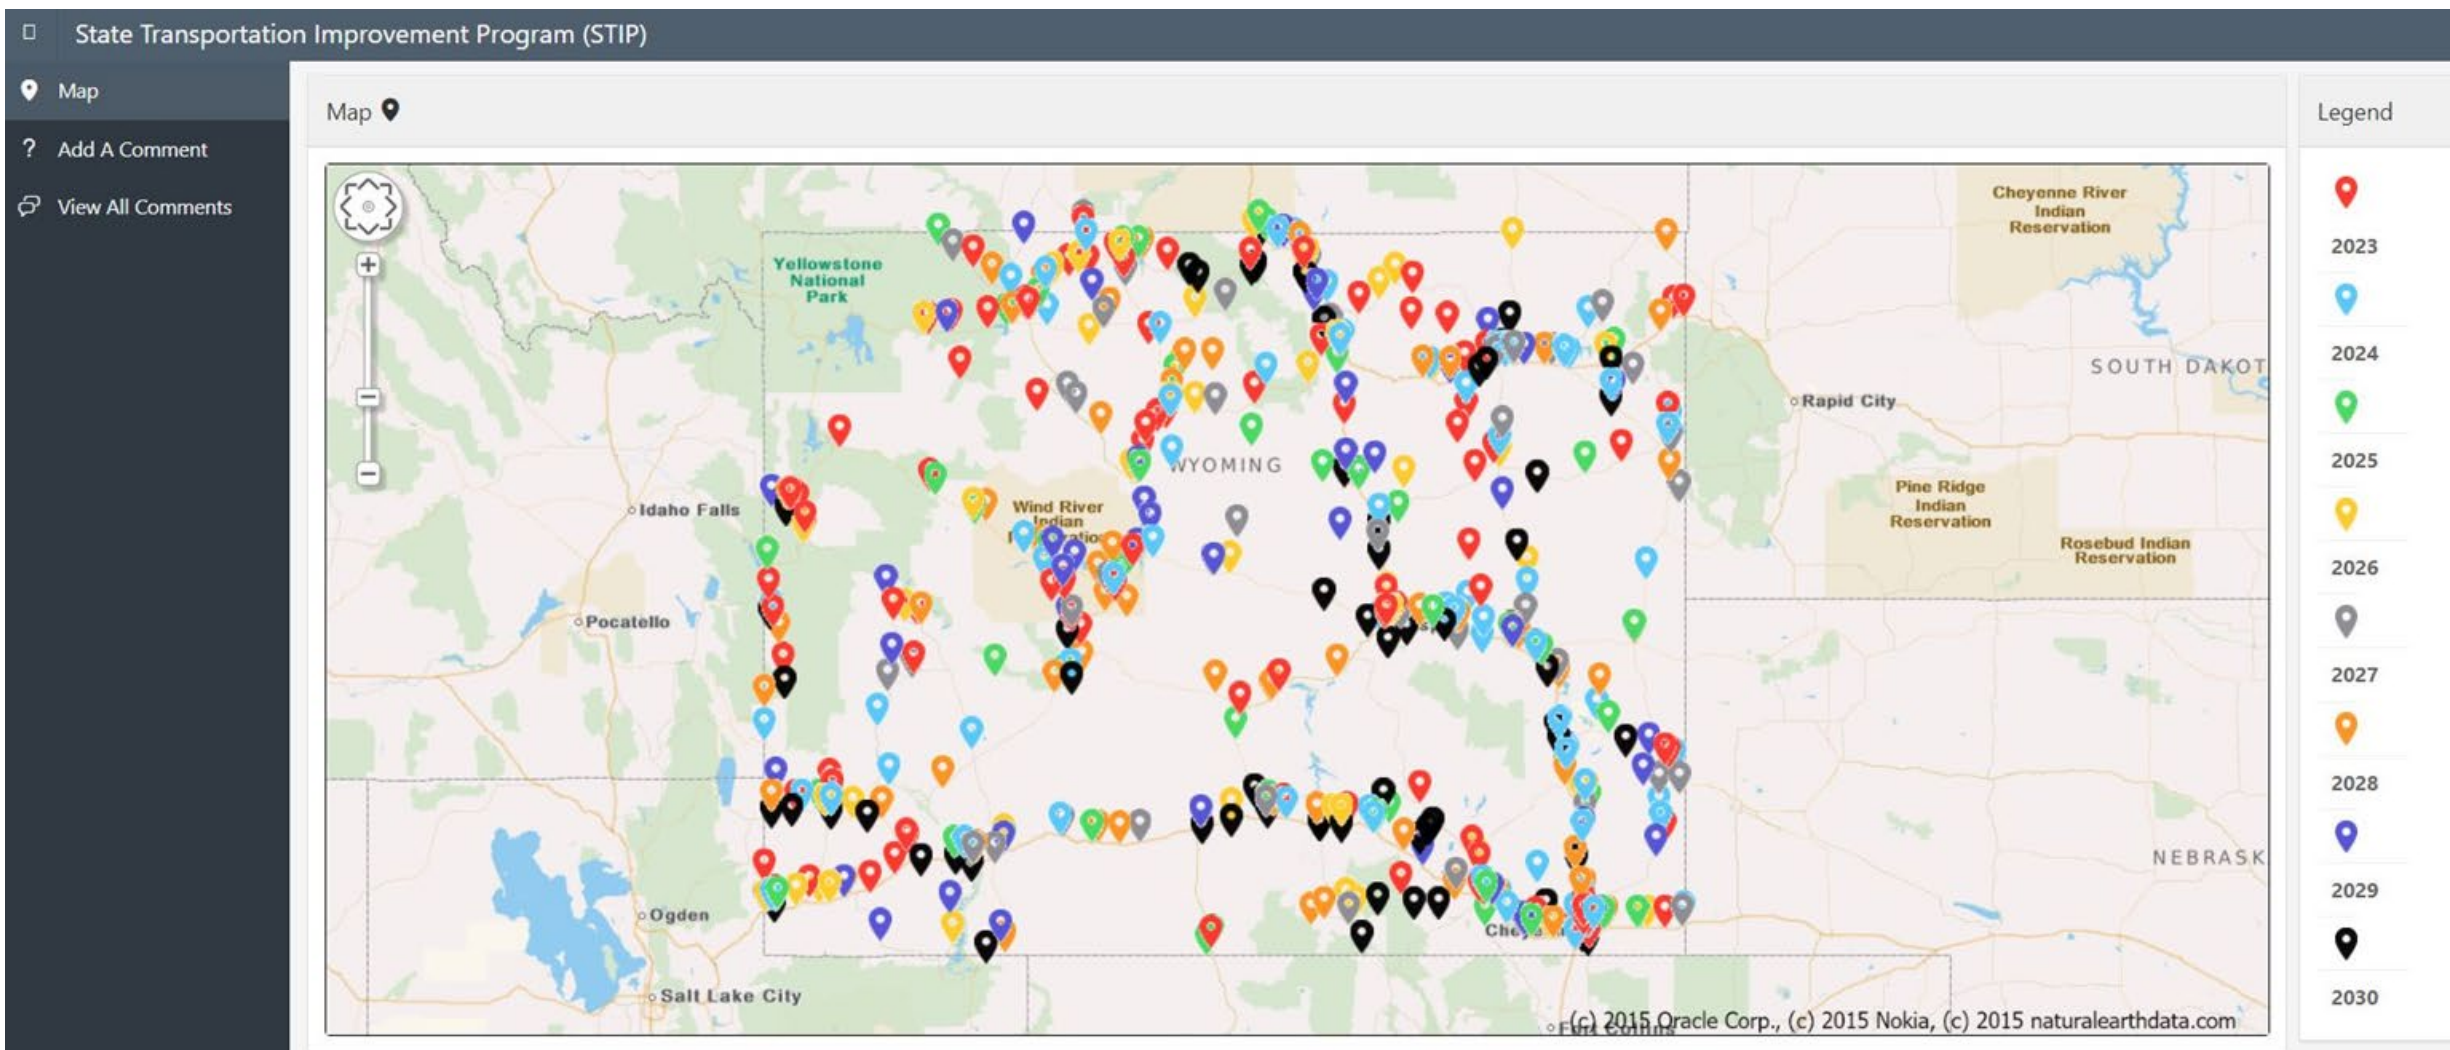

Contract Phase

- Advertisement
- Public Bidding
- Award
- Construction
- Public Meetings as appropriate

Transit Projects

The Federal Transit Administration (FTA) and the Wyoming Legislature annually apportion funds to WYDOT for public transit.

WYDOT funds public transportation in all 23 counties

- Public Transit is primarily provided by senior centers within the state
- Local match is between 15% - 50 % depending on the funding type
- Applications are available from March 1 - April 15th annually

Funds are available:

- For Operating, Administration and Preventive Maintenance of public transit operations
- To replace, rehabilitate and purchase buses and related equipment and to construct bus-related facilities
- Multimodal transportation planning
- Inter-city bus transportation

Grant Opportunities

WYDOT web page – Transportation Grant opportunities
(https://www.dot.state.wy.us/home/business_with_wydot/grants.html)

Contains information on grants that can be applied for by local governments

- Competitive federal grants
 - Includes guidance documentation
- Zero emission vehicles
- Highway safety behavioral
- Aeronautics
- Local government transportation programs

Links to additional resources and guidebook on the new infrastructure law.
